

We can help address health and safety concerns in your home

SNAP's Essential Home Repair program enables homeowners to accomplish **minor** home repairs, addressing in-home health and safety deficiencies. Assistance is provided by a grant for income-eligible households.

Here are some of the issues our home repair programs can help with:

- **Minor** plumbing problems
- Leaking faucets
- Hot water tanks
- Furnace repairs
- Appliance repairs (stove and refrigerator)
- **Minor** electrical problems
- Accessibility modifications

This program does not assist with cosmetic work
